OUTREACH WORK: our outreach worker Mary Healy-Vernon engages with drug/alcohol mis-users aged 18+; to help them access treatment through existing services and initiate community based programmes of care to reduce the harm caused by drug/alcohol misuse.

The overall aim is to address a common trend in recent years, of the number of young adults who have become poly drugs users in Letterkenny and surrounding areas, using a more flexible community based holistic approach. She does this by meeting with the drug user in their own environment and encouraging them to participate in our treatment and rehabilitation programme. This is a free and confidential service and you can contact Mary on her direct confidential line **0867752142**

HOLISTIC THERAPY PROGRAMME: we co-ordinate a holistic therapy programme by working in partnership approach with existing services and initiating new avenues to the treatment and rehabilitation of those affected by drug/alcohol misuse and their families/concerned others. We deliver this programme throughout County Donegal with the support and participation of G.P's, Addiction Services, Family Resource Centres, Community and Voluntary Groups.

Each service user receives approx. 6 session of a therapy of their choice delivered by Fully Qualified Therapists in different parts of the county. The therapies available are Reflexology, Indian Head Massage, Reiki and Auricular Acupuncture.

For further information contact 074 9120633.
